Floriculture Holds Great Possibilities

Experiments of Mrs. Hunt With Chrysanthemums Successful

For several years Mrs. Ellen Hunt, of this city, has been experimenting with chrysanthemums and asters, with a view to raising them as a commercial proposition for the cut flower markets. Mrs. Hunt's gardens are in the Orrs Springs section, where Mr. Hunt is engaged in the sawmill business. The climate and soil there, she states, are particularly adapted to floriculture.

Specimens resulting from Mrs. Hunt's earlier experiments with chrysanthemums were forwarded to San Francisco florists about two years ago. Word was returned at that time that the flowers were too small for the cut flower trade. Last year she forwarded improved samples, veritable giants of flowers, and was told by several firms that they were too large. However, one firm stated that the flowers were just what they had been looking for and that they would take all she could raise.

Mrs. Hunt has succeeded in raising asters also, almost as large as chrysanthemums, and in the light of her experiments it would seem that there is an opportunity for the development of a new industry in this vicinity. She has not been active in raising the flowers for the city trade, as her duties with the General Appliance Co. here keep her in town. However, she has been carrying on her experimental work during week ends. Her blossoms are beautiful in the extreme and local demand has taken all that she has been able to raise heretofore.

She states that this year she has raised more than ever before.

Youths Badly Hurt As Car Leaves Road

A serious auto wreck occurred near Wool Rock, on the Redwood highway, between here and Willits last Saturday. Donald Wallace and two companions, all of Berkeley, were on their way home from a trip to Washington and when they reached the place above mentioned the auto skidded on the gravel and went over the grade. Wallace had five ribs broken and one of the men had his nose broken and his hands cut. The other man had his shoulder broken and some bad cuts. They are all at the Howard hospital, at Willits. The auto was a Lincoln and was very badly damaged and is now at Steele's garage in Willits.

Mrs. Walter Sandelin and son, Bobbie, were visitors in San Francisco this week.

Mr. and Mrs. B. L. Cleland motored to the coast the first of the week for several days' visit.

COUNTY CHAMBER GOES TO WILLITS

The Mendocino county chamber of commerce was moved this week from San Rafael to Willits by the board of supervisors, who appointed Edward Morris, of Willits, secretary of the county boost body. The position had been held hitherto by Robert Austin, who formerly resided in Ukiah, but who for several years has made his home at San Rafael.

An effort was made by Ukiah business men to have the secretaryship transferred to this place, and a delegation of eight or nine visited the board Wednesday morning in the hope of inducing the supervisors to make Ukiah the center for the activities of the county organization. A vote was taken after the local men put their case before the board and the result was three to two in favor of Willits. Supervisors Ford and Williams voted for Ukiah while Perkins, Howe and Rupe voted for Willits.

Several Arrests on Traffic Law Charges

A number of motorists were arrested the past week by Traffic Captain Ryder and Officer Ciancio on charges of failing to regard boulevard stop signs. On this count, the following paid fines of $2.50 each to Judge Hoffman: S. S. Grant, of Berkeley; K. F. Holzhauser; Hugh Blake and O. P. Dunn, of Ukiah; E. A. Buck, of San Francisco. E. S. Sheehan, of San Francisco, paid $5 to Judge Clendenin of Hopland.

B. C. Perdue, of Hopland, was arrested on a charge of drunken driving. He has not yet had his preliminary. It is alleged he had a quantity of wine in his car when arrested. He was taken before a physician for examination before the drunken driving charge was filed.

G. F. Hoffman, of Oakland, was arrested on a charge of speeding. His case is still pending.

FIRE ALARM

An alarm for a fire was turned in last Wednesday afternoon from the General hospital. The blaze was in the garage at the hospital where some household effects were stored and was caused by a small boy playing with matches. A rug was destroyed before the fire was extinguished.

UKIAH HIGH ACCREDITED

Principal Charles Fulkerson, of the Ukiah high school, received word recently that the local institution is maintaining its place on the accredited list of the state university. The school has now been placed in Division A. Formerly it was in Division B.

Mrs. George Ward and daughter, Josephine, spent several days in San Francisco this week, where the young lady received the attention of an eye specialist.

DEPOT PROJECT NOW TO BE CONSUMMATED

Structure to Be Located on Site of Present Depot, and Completion Promised by First of November at Meeting Held on Thursday.

Final and definite action looking toward building of Ukiah's new depot took place at the chamber of commerce last Wednesday evening at a conference between Mayor W. D. L. Held, Charles Kasch and Secretary Falkenberg, representing Ukiah, and President E. H. Maggard, Supt. Wm. Neff and Supt. of Construction G. L. Hicks, representing the railroad company. As a result of the conference it is announced that construction is to be started just as soon as Hicks completes the drawing of plans and specifications for the building. Maggard stated that he believed the new depot would be an accomplished fact by the first of November.

The structure is to be located on the site of the present building and not on the proposed site at the foot of Smith street. The reason for this, according to the railroad officials, is that changes in the tracks, etc., at the foot of Smith street would necessitate an expenditure which would bring the total cost up to about $40,000. Only some $20,000 has been authorized by the directors to be expended here.

The new structure is to be of stucco over lath and is to be of handsome architectural design. A pergola some 80 feet long will separate the passenger depot from the freight sheds. This pergola will be planted with lawns, flowers and vines and kept attractive.

The culvert across Gibson creek will be widened. The depot parking space and the train platform will be paved with concrete instead of gravel as at present. A new electrolier lighting system will be installed with attractive standards surmounted by handsome lamps.

It was hoped that the depot could be placed on the west side of the tracks, eliminating the danger and inconvenience of crossing them, but this hope will have to go into the discard under the circumstances.

The thanks of the community are due Messrs. Held, Kasch and Falkenberg, who have done yeoman work in bringing the community dream of twenty years to a realization.

Charles Tuck Taken in Death at Willits

Member of Pioneer Family Answers Last Call Sunday

WILLITS, July 10.—Chas. Tuck died at his home east of town early last Sunday morning after an illness of several months duration. He was born in Napa county, September 28, 1865, and came to this valley with his parents in 1880. His father purchased what is known as the Tuck ranch, one of the best in this valley, and since his death the ranch has been conducted by Charles.

Mr. Tuck leaves a widow and three children. The children are Joe and Victor Tuck and Mrs. Blanche Shelton.

Mr. Tuck was one of our most beloved citizens and always took a great deal of interest in every movement for civic betterment. He was well liked by everybody as was demonstrated Tuesday afternoon when the funeral services were held at his late residence. It was one of the largest funerals ever held in the valley. Chaplain G. H. Jones conducted the services and the remains were laid away for the long rest in the old cemetery beside the loved ones who have passed on before.

FIRST NATIONAL BUYS BOND ISSUE

The city council held a meeting last Tuesday evening for the purpose of receiving bids for the sewer bonds. There were four bidders, as follows: Dean Witter & Co., $1020 premium; R. H. Moulton & Co., $1280; Bond, Goodwin & Tucker, $1333; and the First National Bank of Ukiah, $1547. The sale was awarded the bank.

The bond issue is for $34,000 and bears 5 per cent interest. The purchase of the bonds by a local institution and at a substantial premium is a matter for congratulation.

THE UKIAH FORESTERS HONOR CHIEF RANGER

Court Italia Bella No. 257, Foresters of America, of Ukiah, Wednesday evening, July 11, were hosts to Grand Chief Ranger Frank A. De Patta of San Francisco. A reception was followed by a class initiation and banquet.

LEGION TO ENTERTAIN

Lewis White Post, American Legion, will be host to the ladies of the auxiliary and several other guests next Wednesday at a banquet and social evening to be given at the Odd Fellows hall.

Mr. and Mrs. Harold Sloper and son were here the past week visiting at the home of Mr. and Mrs. Martin Sloper. They were called here to attend the funeral of Miss Bonnie Sloper.

Fire Destroys Barn on R. Byrnes Ranch

Two Cars and Sheriff's Dogs Burned Last Week

Fire at the ranch of Sheriff Ralph Byrnes on the Orrs Springs road the latter part of last week destroyed the barn on the place and burned two cars held in storage and also two dogs which had been tied in the barn. The origin of the fire is unknown.

The cars belonged to alleged bootleggers and were being held in storage pending settlement of the cases. One was a 1926 Ford coupe taken from Harry Sako, a Japanese, and the other a Studebaker roadster coupe captured from Bruno Castaldi. Both were insured.

The dogs were fine varmint hounds. The sheriff had been at considerable trouble and expense to train them, and was greatly attached to them and their loss is keenly felt.

Mrs. Irene Cleveland, nee Irene Gibson, was a visitor here last week at the home of her parents, Mr. and Mrs. A. J. Gibson. Mrs. Mervyn Gibson, of Lake county, also was a guest at the Gibson home the latter part of last week.

STILL TAKEN IN REDWOOD VALLEY

Sheriff Byrnes and Deputy Weger paid a visit to the ranch of E. C. Riggs in Redwood valley yesterday with a search warrant and discovered a still in one of the outbuildings on the place. They also brought in about ten gallons of jackass brandy and about a gallon of wine, which they found on the premises.

REALTORS VISIT HERE

A luncheon was arranged here yesterday at noon by Ukiah realtors in honor of several of their state officials and members of the association from Santa Rosa. State officials present were Vice-President Comstock, of Healdsburg, State Secretary Willaman and State Director Walter Price, of Santa Rosa, and Charles Feliz, of Petaluma.

The Ukiah members of the state association are C. A. Bernhard, J. A. Waldteufel, L. L. Hopkins and M. B. Gibson.

Several interesting talks were made. The realtors now have the strongest organization in their history and are supporting state development plans as well as urging the strengthening of the real estate business through education and ethics.

Mr. and Mrs. Ed Porter have completed the erection of a neat and modern little bungalow on their property on Standley street. The home will be occupied by Mr. and Mrs. Charles Moffitt.

DITCHING STARTS ON SEWER TRENCH

W. J. Tobin, the contractor to whom was awarded the contract for building Ukiah's sewer extensions, received his big ditch digger this week and work was commenced yesterday on the digging of the trench system in which the sewers will be laid. The work is beginning at the septic tanks and the machine will work toward town.

Mr. Tobin stated that it is his belief that he can complete the contract in about a month's time, so, making allowances for delays, the work should be completed at the latest by the first of September.

PORTER UNDERHILL RECOVERS

Porter Underhill, of Sherwood, who sustained a fractured skull here on the Fourth when he fell as he alighted from a moving truck, and who was operated on by Dr. Cleland for the removal of a blood clot on the brain, was well enough to leave the hospital yesterday and has returned to his home.

Rancher Accused of Having Stolen Sheep

Guido Poncetta, a resident of the Signal district near Philo, was arrested the first of the week on a charge of stealing sheep. The defendant waived preliminary examination in Judge Hoffman's court yesterday and was bound over to face trial in the superior court on the charge.

The case has been set for August 3. Rankin Rickard is the complaining witness.

BACK FROM ALASKA

H. T. Hopper and party returned last Saturday night from their trip to Alaska. They motored as far as Vancouver, where they took steamer via the Inside Passage for Skagway. The steamer trip took four days each way and every minute was enjoyed to the utmost. Reaching Skagway, the party visited various points of interest and made a railroad trip inland for some forty miles.

Henry stated the mosquitoes in Alaska were as big as steers and rhubarb grew four feet high and as big around as his wrist. Other vegetables were as large in proportion. Plant life is unusually healthy in the arctic regions as the sun shines nearly 24 hours during the growing season. The ground is finely pulverized and toned up by the freezing weather in the winter time which adds to its fertility. Wheat matures within a few weeks from the time it is planted and berries and fruits reach huge proportions.

LEAVE HOSPITAL

Mrs. Ralph Kunzler and Mrs. Agnes Lang, both of whom submitted to capital operations at the general hospital in this city recently, have so far recovered as to be able to leave the hospital this week. Both operations were performed by Dr. H. O. Cleland.

Truck Collides With Paul Anderson Home

Driver Faces Prosecution on Drunken Driving Charge

G. L. Gibson, who has been in trouble several times on account of accidents arising out of his alleged careless methods of operating motor vehicles, capped the climax of his indiscretions last Thursday night, when he drove a loaded truck across the sidewalk and crashed into the front of the home of Mr. and Mrs. Paul Anderson near the high school.

It seems that Gibson had come from the Low Gap road with a load of four-foot wood. His house is diagonally across a street intersection from the Anderson home. As he approached the intersection, instead of swinging to the left to stop in front of his own place, he turned to the right across the sidewalk and smashed into the front of Anderson's house. The damage to the house was not extensive, but the front end of the truck was considerably demolished.

Marshal Cleland was summoned at once by the irate owner of the house and Gibson was taken into custody and placed in jail.

It is claimed that he was drunk at the time and he will face trial in the superior court on that charge.

It is also stated that he had no lights.

Mrs. L. E. Schwab, daughter of Mr. and Mrs. Frank Albertson, and Mrs. Jincy Grant McNulty, former Hopland resident, motored up from the city the latter part of last week and have been guests at the Albertson home this week.

Child's Arm Caught, Crushed in Wringer

WILLITS, July 10.—Little Freddie Grundstrom nearly lost his right arm last Saturday when he got it caught in the wringer of an electric washing machine that was in motion. Luckily his mother was near and stopped the machine immediately but the arm went through nearly to the shoulder. He is only a year old and an examination shows that the bones were not crushed.

SWIM HOLE INFECTED

It was stated this week that the lower Ford swimming hole has become infested with a small animalcula which causes itching sores. Several recent visitors to the place have reported becoming infected from swimming in the water. We give the information for what it is worth. Those caring to verify or discredit the report may do so by going swimming there and awaiting developments.

ROUND VALLEY

COVELO, July 8.—Well over six hundred people gathered Wednesday in the beautiful Rohrbough grove to celebrate the glorious Fourth. Owing to the late organizing of plans for the day, it was not possible to secure a speaker, so the morning program did not materlialize. The crowd inspected the barbecue pit where the meat was roasting and visited with their neighbors until the lunch hour when friendly groups gathered in every shady spot for the midday meal.

"The finest I ever tasted," was the universal comment when the tender, juicy barbecue was served. Gus Hagne had been up all the night before, assisted by R. M. Lippert, keeping the fire at just the right temperature and turning the spits to bring the roast to the proper perfection.

After lunch the crowd gathered in the grandstand for an invocation and singing of "America." Then came games and races. Walter Winters and C. G. Hiatt, who had been foraging for a pig, came toting in a young shoat which they obligingly smeared with grease in the presence of the delighted spectators. The contestants entered the arena, the pig was released; but the day was hot, and piggy made a bee line for the shade of the grandstand where it fell an easy prey to Kenneth Lovell.

An exciting horse race was won by Leon O'Ferrall. Two bucking mules were reminiscent of old rodeo days. A tug-of-war between the married men and the single ones started as a walkaway by the former, but the greater endaurance of the youngsters snatched the final victory. Miss Doris Hopper qualified as the champion rolling pin thrower, and carried away the prize, a Navajo blanket. An Indian dance with fantastic feather costumes and weird music held the crowd for half an hour. The rivalry between the married men and the single continued on the baseball diamond, with the boys winning by a score of 17-11. In the evening all repaired to the auditorium and danced away the night.

Everyone says it was a delightful picnic.

The hospitable home of Mr. and Mrs. Mal Conner in the southern part of Round valley was the setting on Tuesday, July 3, for a gathering of unusual interest, the occasion being the celebration of the golden wedding anniversary of the host and hostess. From far and near had gathered the children, grandchildren and great grandchildren to do honor to the occasion.

An arch of gold crepe paper and Shasta daisies had been formed to frame the wedding party. Here Reverend R. M. Lippert awaited the bridal pair. Little three-year-old Richard Hauck, a great grandson, acted as ring bearer. Helen Hauck and Willa Cubbler, six-year-old granddaughters, were flower girls. Leslie Conner served as best man and Mrs. Leslie Conner as bridesmaid. The bride, bearing a bouquet of yellow tiger lilies, entered on the arm of her son, Mal Conner, Jr. The solemn vows made half a century ago were again renewed.

The party gathered around the banquet table at 1:00 o'clock. The center of interest here was a huge wedding cake which had been ordered from San Francisco. It was decorated with candied roses with gold leaves and the words "Fiftieth Anniversary" in gold letters.

During the banquet a program was given. A poem written for a golden wedding by Katherine Lee Bates was read by Miss Lena Yates. Alvin Conner read a touching tribute "To Father," and Mrs. Eunice Jamison read one "To Mother." Another poem was read by Miss Helen Hauck. Ralph Jamison then presented the pair with four gold coins totaling $60. Then, that no touch of realism might be lacking, came a rousing charivari.

The entire married life of the Conners has been spent in Round valley. To them were born eighteen children, fifteen of whom are living. All grew to maturity except the youngest, who died at the age of six. Three great grandsons, Charles Chester, Richard Hauck and Russell Hauck, were present at the celebration of the golden wedding anniversary. Mrs. Arthur Chester obtained some interesting pictures of the party, showing Mr. and Mrs. Conner and groups of the succeeding generations.

Those present were Mr. and Mrs. Mal Conner, Mrs. E. J. Ellison of Berkeley, Mr. and Mrs. Ralph Jamison, Mrs. Eri Fairbanks of San Francisco, Mrs. Ellen Davidson and daughter of Fresno, Mrs. Jennie Babcock and three children of Ukiah, Mr. and Mrs. Percy Hauck and two children of Willows, Mr. and Mrs. Luke Yates and five children, Miss Lena Yates, Mr. and Mrs. Wm. Stein and children of San Francisco, Mr. and Mrs. Alvin Conner and son, Arthur Conner and son of Maxwell, Mr. and Mrs. M. Cubbler and two children, Mrs. E. R. Potter, Mr. E. R. Potter, Mr. and Mrs. C. M. Bucknell, Mrs. Arthur Chester and son, Miss Helen Hauck of South Fork, Mr. and Mrs. R. M. Lippert, Raymond Conner, Mal Conner, Jr., Mrs. Snyder, and Mr. and Mrs. Leslie Conner of Placerville.

Mrs. Della Chester came down from Haskett Meadows the first of the week to be present at the golden wedding of Mr. and Mrs. Mal Conner. Mrs. Chester reports great activity in construction work at El Casadero lodge. A force of thirty men is employed in and aboot the lodge in various enterprises. A sawmill cuts the timber for a new lodge of ample dimensions. A dam is being constructed across Cold creek to make a huge swimming pool. A rock quarry furnishes slabs of beautiful blue-grey stone for foundataions and fireplaces. H. W. Kellar of Los Angeles is one of the owners and director of operations.

Gus Redwine Jr.'s car caught fire as he was driving a steep mountain road near Haskett Meadows last week. The grass in the middle of the road was burned for some distance behind him. As soon as he discovered the fire he stopped the car and smothered the fire with some bedding. His hands were burned in the operation, but he managed to save the car and his wife and baby. The coil was burned out, but the remainder of the road being down hill he coasted to his destination. This accident emphasizes the need of a fire extinguisher in every car.

A fishing party consisting of Mr. and Mrs. Roland Gray, Mr. and Mrs. Elmer Bucknell, Miss Phyllis Brush and Mr. and Mrs. M. E. Gravier left Monday for Henthorne Lake to be gone a week.

A delightful card party was given by Mr. and Mrs. E. F. Rohrbough at their home on Tuesday evening of last week. The game was five hundred. Honors were scored by Mrs. Marello Carfagni and Beverly Rohrbough, consolation prizes going to Mrs. Bigger and Dr. Carfagni.

Those present to enjoy the Rohrbough hospitality were Mr. and Mrs. C. G. Hiatt, Mr. and Mrs. J. D. Rohrbough, Mr. and Mrs. B. L. Hurt, Dr. and Mrs. Fred Carfagni, Mr. and Mrs. G. M. Biggar, Mr. and Mrs. F. F. Zeek, Miss Helen Hogshead, Beverly Rohrbough and Mr. and Mrs. E. F. Rohrbough.

W. S. Osborne was much interested in an unusual egg which he found in Monday's gathering. It was laid by a white leghorn hen. The greater circumference measured 8½ inches, the lesser 7. When the outer shell was broken there was found inside in a bed of egg white a perfectly normal egg in a perfectly normal shell. The egg weighed 5½ ounces.

The grammar school board employed on Saturday as principal for the coming year Lester E. Skelley of Berkeley. Mr. Skelley is a graduate of the Chico normal school. He is taking work at the Stanford summer session. He has had three years' experience in teaching and is qualified to teach both band and orchestra. He spent the Fourth in Round valley at which time he met a number of our citizens.

Mrs. Laura Russell has had a coat of green paint given to the roof of her house, which adds to its appearance of neatness.

The Robert Lovejoy residence is gradually approaching completion. It is a stucco bungalow in Spanish type, a style new to our community. It adds much to the attractiveness of Commercial avenue.

Alice Sarah Anderson, daughter of Wesley Hoxie and wife of Arthur Anderson, died at the hospital in Ukiah Tuesday, July 3. The body was brought to Covelo for burial. Services were held at the reservation church Saturday afternoon, Rev. R. M. Lippert officiating.

Mrs. Anderson was widely known and loved both by her own people and by the whites. The church was filled to capacity at the funeral and a long line of cars followed the body to its last resting place in the cemetery near her early home. The sympathy of many friends is extended to the bereaved family.

Mr. and Mrs. Maurice Begley and Miss Fay Russell of Santa Rosa, drove up for the Fourth with relatives and friends in Round valley.

Mrs. Hilda Osborne and two little daughters, of Los Angeles, are expected soon at the home of her mother, Mrs. Laura Russell.

Mrs. L. L. Sanders has been seriously ill at her home here for a week. Her sister, Mrs. M. Rowley of Sacramento, has been with her. Her condition is improving.

Mr. and Mrs. Everett Orr of Arcata, with their little daughter, Betty Lorraine, spent a few days last week at the home of G. M. Woods, father of Mrs. Orr.

Mr. and Mrs. Lee O'Ferrall were in from the horse ranch the first of the week.

Otto Kaser killed two rattlesnakes Monday while gathering wild raspberries. One had twelve rattles.

A number of patriotic citizens got together and erected the flagpole which the town donated to the grammar school and which has lain on the ground in front of the school building for many months.

Mrs. Sadie Schuler and William Stein were married recently in San Francisco. The bride is a native daughter of Round valley.

Reverend Len Schillinger was a passenger for San Francisco Thursday.

A fire caused by the accidental dropping of a lighted match destroyed considerable clothing in the home of L. R. Yates on the evening of July 4th. Both Mr. and Mrs. Yates suffered burns in putting out the flames.

Mr. and Mrs. Maybert Lovell were among the home comers for the Fourth.

Mr. and Mrs. F. F. Zeek and three children and Mrs. Ethel Hargrave left Friday for their respective homes. Mrs. Hargrave spent a day with her sister in Santa Rosa before returning to Oakland. The Zeeks have gone to Ukiah to set up housekeeping in their new home where they will reside while Mr. Zeek is in charge of the Redwood valley school.

The Roy Bucknell family came in from the hills for the picnic.

Miss Bernice Hoxie, of Shiveley, is visiting Covelo relatives.

Mr. and Mrs. Wm. Staser (Pearl Shields) and two children arrived from Sacramento valley Friday to visit relatives here.

Mr. and Mrs. T. J. Lowry are away on a month's vacation. Arlow Gravier is in temporary charge of the work at the creamery.

Mr. and Mrs. Robert Redwine returned Thursday from a trip to Ukiah. They were accompanied by Mrs. Jessie Redwine and Emile Waldteufel, who will be their guests for a season.

Jack Hogshead came up on the night train Tuesday to spend the Fourth with his parents here. He returned the next evening.

It is reported here that Mrs. Mary Underhill Hall, a former teacher in our high school, has obtained a year's leave of absence from her work in Berkeley to go to China.

Mr. and Mrs. Jared Scudder and family are on a vacation trip to the San Joaquin valley.

Lawrence Lane has brought his two sons home for the summer from San Luis Obispo, where they have been attending school.

Leonard Henderson is home for a short visit. He expects to return in the fall to enter high school.

Mrs. Bruce Henderson had as guests for the Fourth her mother and sister from Paskenta.

Mrs. Ruth Haydon and Mrs. Judge came up from the city last week for their mother, Mrs. S. E. Hamilton, who returned with them to the bay region.

Gus Hagne is a visitor in Fort Bragg.

Mr. and Mrs. James Russell, of Rio Vista, are guests at the S. F. Gray home. Jim is a native son who will be remembered by all the oldtime residents. He is now part owner of a 700-acre farm in the delta region, 300 of which grow aparagus and 400 milo maize.

Vernon Brush is home for a short vacation from Martinez where he is in the employ of the Shell Oil Company.

ALPINE COON ENJOYED RADIO PROGRAM AND SOCIAL HOUR

FORT BRAGG, July 11.—Mr. and Mrs. Walter Weisse and daughter, who were camping at Alpine during the Fourth of July holidays moved in Sunday evening. They enjoyed their outing to the fullest having spent the time fishing and swimming, and in the evening listened to the news of the day coming in over the radio while they were seated around a blazing camp fire.

Each night while the music program was on, a friendly coon joined them and listened to the entertainment with apparent enjoyment. After a few evenings the coon overcame his fear to the extent that he entered the family circle and perched himself on a convenient log and and the coon insisted on being always included. Each night the performance was repeated and Br'er Coon was never late for the social hour.

OAKLAND DIVINE WEDS FORMER PT. ARENA LADY

POINT ARENA, July 5.—Mrs. Mary A. Higgins, for many years a resident of this place, but now of Santa Rosa, was united in marriage to Rev. George W. Disher, pastor of the Diamond Baptist church of Oakland. The ceremony was performed at Santa Rosa Wednesday.

Mrs. Emma Huse was down from Cummings the early part of the week on a short business visit.

Mr. and Mrs. T. H. Cyrus are visitors in San Francisco this week.

Mr. and Mrs. Luther Morrison returned to Humboldt county with the Lark Hopper family, who spent the Fourth here.

The Misses Mary and Helen Montgomery, accompanied by some friends, are guests at the home of their parents, Mr. and Mrs. George Montgomery.

Mrs. Partridge, of Potter valley, is here on a visit to her son, Paul Foster.

WILLITS HOSPITAL FULL

WILLITS, July 11.—Every bed at the new Howard Memorial hospital is now taken and two extra trained nurses have arrived from San Francisco to take care of the extra work. None of the cases are serious but they all require careful attention.

SELLS RESIDENCE

The residence property of Mrs. Maggie Paine at the corner of Ford and Orr streets was sold by Mrs. Paine to Dominico Porzio.

Chas. Wallach was here from Boonville last Tuesday.

Mr. and Mrs. Percy Whitcomb and family drove over from Willits Wednesday and passed the day with relatives here.

Mr. and Mrs. J. E. Nichols, of Los Angeles, are enjoying a week's visit with relatives in this valley. Mrs. Nichols, who was Miss Olive Spotswood before her marriage a year ago, was a former Potter valley girl.

Mr. and Mrs. P. B. Westerman left for Eureka last Tuesday, where they will spend a month visiting relatives.

Virgil Wilkie, of Berkeley, is a guest of Mr. and Mrs. Orville Frost this week.

Mr. and Mrs. A. F. Whittaker and two small sons were guests of Mr. and Mrs. Alvin Whittaker at their mountain home a few days last week.

Mr. and Mrs. Howard Dashiell drove in from Eel river Tuesday.

M. C. Briggs was a business visitor to Ukiah Saturday.

Don Eddie returned to his home here Saturday following a two weeks' visit with relatives in the bay cities. Dr. and Mrs. Crittenden accompanied him home, returning to their home in Alameda Sunday afternoon.

Mr. and Mrs. Vertie Frost, of Willits, were guests at the home of Mr. and Mrs. Orville Frost Wednesday. The gentlemen are brothers.

Mrs. Maggie Payne, of Santa Rosa, is a guest of Mr. and Mrs. Val Ross this week.

Members of the Spotswood family held a picnic and family reunion at Eel river last Sunday. Including some friends, about fifty guests were present to enjoy the day. Swimming featured the day's entertainment for the young folks.

H. B. Muir, of Willits, was a business visitor to this place one day last week.

Mrs. Jimmie Baldwin and two small daughters reteurned to their home in Lakeport Tuesday following a pleasant week's visit at the home of Mrs. Baldwin's parents, Mr. and Mrs. Wm. Leard.

The grain harvesters are busy harvesting the grain crops in this valley. The grain crop is very good this year. The Brower thresher started Wednesday.

Mrs. Chas. Adams, daughter and son, accompanied by Jack Sullivan and Eddie Hines drove up from Calistoga Sunday and spent the day with Mr. and Mrs. C. A. Carner. Wilber Adams remained for a week's visit with his aunt, Mrs. Carner.

Mrs. Anna Barrett and Edward Chesebro, both of Sausalito, were quietly married in Ukiah last Thursday. Mrs. Chesebro has visited at the home of her brother, Val Ross of this place, many times and has made many friends in this valley. The happy couple returned to their home in Sausalito immediately after the ceremony. Mr. and Mrs. Chesebro were guests of Mr. and Mrs. Val Ross for a week prior to their marriage.

The small son of Mrs. Ruth Howard, of Petaluma, underwent a tonsil operation at the Ukiah General hospital last Tuesday. Mrs. Howard will be remembered as Miss Ruth Day, who was a former resident of this valley.

Harry Moncrief drove to Willits last week.

The dance given by the baseball club last Saturday night was greatly enjoyed by all present. Music was furnished by the local orchestra.

Mrs. Val Ross was a Ukiah visitor Wednesday.

Harold Anker drove up from Ukiah last Saturday.

The new residence of Mr. and Mrs. Charley Busch is nearing completion. It is being built on their ranch in the upper part of the valley.

The new high school building will also be completed soon.

Wm. Gillespie drove in from Foster mountain Wednesday.

Mr. Grady, of Fort Bragg, was a guest at the homes of Mr. and Mrs. Ward Lee and Mr. and Mrs. Charley Busch Wednesday. Mr. Grady, whose former home was in Illinois, is a friend of the Illinois relatives of Mr. Lee and Mrs. Busch.

REDWOOD VALLEY

REDWOOD VALLEY, July 12.—The farm bureau and grange are giving a picnic for their members and invited guests at John Finne's picnic grove on Sunday, July 15.

B. W. Poulsen, federal inspector of fruits and vegetables, will talk on packing grapes. Senator Fred Handy will also be present and make a few remarks.

Bread, coffee and barbecued meat will be furnished. Members can bring whatever else they wish to make up a picnic dinner.

The Golds gained on the Greens in the S. S. contest last Sunday though the Greens still lead by a slight margin. The attendance was 46 last Sunday, and 51 the preceding Sunday.

Howard Hull and Albert Dillon have been awarded the contracts as bus drivers for the Redwood valley and Capella high school buses.

C. Hargreaves and sons, Carey and George, T. Jameson and son, Tom, F. Alden and E. Belveal made up a fishing party to the coast last week. The party went over the Willits-Fort Bragg road and returned over the DeHaven-Laytonville road. The latter road was in good shape but they cannot recommend the Willits-Fort Bragg road. It may be a good road sometime but the time is two or three years away. Mr. Alden had car trouble going over so the party spent most of the time in the vicinity of Fort Bragg camping at the municipal camp grounds while the car was being repaired. They had very good luck fishing, catching several kinds of fish off the rocks, as well as plenty of abalones and some surf fish.

Mr. and Mrs. Lester Daly and son, of Peoria, Ariz., are guests at the Jameson home. They are on their way to Oregon and are spending part of their vacation visiting relatives on the way. They stopped at Oceana and at Oakland for short visits with Mrs. Daly's sisters.

Mrs. Nels Nelson and son, Walter, are spending a week with Mrs. Nelson's sisters, Mrs. A. W. Simmons, at Camp Meeker.

Joe Pilarek has been confined to his bed for several weeks.

Mrs. Grace Andrews and children visited her sister, Mrs. Herman Fisher, for a few days last week.

Mrs. A. F. Long is spending most of the month on the Rancho Mariposa.

Miss Elsie Woolley was up last week from San Jose for a short vacation with her mother.

Mr. and Mrs. Wesley Woolley and family, of Richmond, are spending a week at the Woolley home. They motored up the Pacific highway as far as Grants Pass, Oregon, where they spent the Fourth. Then they returned over the Redwood highway.

E. Belveal has rented Mrs. Rosalie Sprague's house.

P. Fornasero returned recently from a trip to Italy, bringing a bride home with him.

J. Bransom has leased the Ellis house from Mrs. E. B. Watson and has moved his family there.

Mr. and Mrs. Laurence Simmons and their guests, Mr. and Mrs. F. Hoffman, of Compton, motored to Fort Bragg last Tuesday.

Antti Bekkola has purchased 40 acres of the Finnish colony subdivision land from Oscar Johnson.

Mr. Lemponen, of Eureka, also purchased 23 acres from Mr. Johnson.

Alec Kauhanen has recently delivered 800 young roosters to C. Kemp at Blue Lakes. Mr. Kauhanen has marketed 1700 young roosters this spring.

Hiram Strand, of Daly City, is spending a portion of his vacation at the home of his sister, Mrs. William Reardon.

While returning from Ukiah last Saturday night Mr. and Mrs. F. A. Howland witnessed some beautiful "northern lights."

C. R. Yarbrough is giving his pears another irrigation.

John Finne has been appointed a school trustee to succeed Mrs. O. A. Hueber.

Judson Hayes was brought home from the hospital last week. While he cannot walk yet his condition is much improved and continues to slowly improve.

HOPLAND NEWS

HOPLAND, July 11.—Allan Williams spent the Fourth visiting Frank Howell, a friend in Los Altos. He is now at the military training camp at Del Monte for a month.

Mr. and Mrs. Lem Sallady, of Santa Rosa, are visiting her daughter, Mrs. R. E. Patteson.

Mr. and Mrs. Fred Ley, of Conrad, were visitors in town the first of the week. They are spending a few weeks at Camp Inis.

Mr. and Mrs. Robert Buckman and daughter, Beth, were visitors in Ukiah Tuesday.

Mrs. Mattie Bailhache spent the Fourth visiting her daughter, Mrs. Claude Doty.

The food sale given last Saturday for the benefit of the library was a great success.

RUNAWAY YOUTH CLAIMS BRANSCOMB AS HIS HOME

SANTA ROSA, July 9.—Floyd Zager, who was picked up by county officers on the highway south of here last week and held on suspicion that he was an escape from some state institution, admitted to County Probation Officer John P. Plover yesterday that he had run away from his home at Branscomb, Mendocino county. He also stated he was only 17 years old, instead of 19, as he said at first. Efforts are being made to get in touch with his parents so he might be returned home.

CHILD DIES OF BURNS

ELK, July 5.—La Verne, one of the three-year-old twin daughters of Mr. and Mrs. A. M. Titus, passed away Monday morning. The little girl had suffered a burn about ten days before but it was not considered serious until Sunday evening when she was taken very ill. The funeral took place from the home here Tuesday afternoon and the burial was in the I. O. O. F. cemetery at Point Arena. The sympathy of the entire community is given to Mr. and Mrs. Titus at the loss of their dear little girl. The grave was entirely covered with beautiful flowers.

A number of the young people of the Methodist church, chaperoned by Mrs. Toles and Mrs. Luther Beasley, motored to the Epworth League camp on Russian river, near Guerneville the past week.

Electric refrigeration keeps food safely

Pure food keeps children and grownups healthy. It builds up resistance. For pure food provides energy and vitality that resists fatigue. It paints cheeks from within.

That is what the electric refrigerator does for you. It keeps food safely. Its constant cold is always below the danger point of 50 degrees — the temperature above which foods spoilage is rapid.

See the new electric refrigerator today. You can freeze ices, ice creams and salads for warm summer days. You can have ice cubes from water of your own selection.

New Cycol motor oil, with *'endurance beyond belief,'* reduces carbon troubles

Stability The new Cycol will stand the hardest kind of usage. It is refined to meet the severer conditions of heat and pressure developed by the modern high compression engines, assuring you an unbroken oil film where heat, pressure and friction are greatest.

No Acids The new Cycol refining process eliminates the use of acids, though most refiners use them. While acids clear the "crude oil" they chemically change its structure and composition, thus seriously cutting its lubricating value.

Such oils break down under engine temperatures. They distill off and escape as vapor through the breather exhaust.

The new refining process of Cycol selects from the "crude" those elements of greatest lubricating value and stability in performance, rejecting those elements which readily break down under engine heat and cause excessive carbon deposits.

So Cycol gives a protective oil film on cylinder walls and moving parts, not vapor at the breather pipe.

Less Carbon As to carbon, Cycol like all oils deposits some carbon. But it deposits less carbon than any other oil. The most exhaustive tests have proven that statement.

Even more important, the carbon that is deposited by Cycol is soft and easily removable. It is not hard or sticky and cannot scratch a cylinder.

Prove it yourself Cycol gives you the finest results you have ever known—more perfect lubrication, "endurance beyond belief" and the elimination of carbon troubles.

So fill your crank case with Cycol. You can identify it by the new transparent green-gold color. Sold wherever the Associated Gasoline and Cycol Motor Oil signs are shown. ASSOCIATED OIL COMPANY, *Refiners of*

Willits Bull Puncher May Go Into Movies

Bill Lewis Receives Flattering Offer from Hollywood

WILLITS, July 10.—Bill Lewis has received a very flattering offer to enter the movies. All of the large moving picture corporations now have scouts out searching for exceptional talent in any line and one of these scouts, representing the Fox studios, Hollywood, was here during the Frontier Day's celebration, the star feature of which was Bill driving his trained bulls.

About two months ago Bill commenced training the young bulls and he had them so well trained that they were as gentle as a pet lamb. Bill always talks to his trained animals and when they hear his voice they know they are perfectly safe. These bulls were so well trained that the noisy automobiles and the crowds and confusion did not bother them and everybody agreed that their performance was perfect.

Bill has been driving horses, mules and oxen all of his life and he always trains the animals himself. He likes to get them when they are young and after gaining their confidence he begins talking to them just like he would to a human being. Bill is not very particular about his own personal appearance but if anyone starts to abuse any kind of an animal he would fight like a wildcat to protect them. Even now he has a team of horses and they are probably the best groomed team in the county and are always slick and fat for Bill always feeds and looks after his livestock before he does himself.

Bill started training what are called dumb animals—but he disputes this—when he was a young boy, and he cannot remember back far enough to a time when he did not have some kind of a pet. At one time he drove a stage in Arizona behind 14 mules, and this is no easy task. About 40 years ago he used to haul logs to the coast mills with bull teams and did this until they were displaced by donkey engines. Of late years he has been teaming and has the reputation of being able to get more work out of a team than any other man in the county.

In making a comparison between the merits of a tin lizzie and a jenny Bill says that jenny has it all over lizzie. To begin with she is not as temperamental and always responds to kindness—you can even talk to her and she seems to understand what you say. When jenny is shooting on all four cylinders she is dependable but you have to look out when she turns loose on two. Jenny's magneto is always in order and she never has a flat tire. It is true that she likes to travel in low gear but she always gets there just the same.

Bill says that a tin lizzie is the most cantankerous contraption ever invented and that when she gets old you never know what is going to happen—she behaves worse than a 16-year-old flapper.

Bill's friends, and their number is legion, sincerely hope and trust that when he becomes as famous and as rich as Mary Pickford that he will not swell up like a pizened pup. We hope he does not join the Country Club and walk around the Hollywood golf course dressed up in standard golf clothes and be followed by a caddy. He would not look natural in those habiliments and all of his friends want him to remain the same old Bill that we all love and respect.

The salary Bill has been offered is staggering, so we are told, but the exact amount has not been divulged. We are told, however, that in one month Bill would earn more than he used to in a whole year when he drove a bull team.

WILLITS JUSTICE HAS BUSY WEEK

WILLITS, July 10.—Judge H. M. Burke has had two important cases in his court so far this month.

On July 3, A. Tracy of Laytonville, swore to a complaint against E. W. Rockwell, a truck driver for the Foley & Burke show, charging him with reckless driving. Rockwell ran into an auto that was parked in front of the Redwood Empire garage in Long valley in which Tracy's small daughter was sitting and she was badly injured by broken glass. Rockwell gave $200 bonds and his case is set for the latter part of the month.

Tuesday was taken up with the case of Fonsen vs. McLauren. Fonsen claims that McLauren's dogs killed 15 of his sheep. All of the testimony was taken. J. R. Thomas represented the plaintiff and J. W. Kingren the defendant. The case has been continued until July 23, when the arguments will be made and the judgment rendered.

Lighting District for State Street

Business Men Institute Move to Force Improvement

Petitions were circulated the latter part of last week and during this week by a number of State street business men who desire to force a street lighting district for that portion of the town. Since the installation of the lights on School street, a number who were inclined to be against the improvement previously have become converted and there seems to be considerable enthusiasm for the project.

While the lights on School street are very handsome, those which are contemplated for State are much more so. The standards will be taller and the globes will be larger and handsomer. A sample is on display at the Chamber of Commerce. The cost of the School street lights was $3 per front foot while the cost of the contemplated State street lights, it is said, will be about $3.50 per front foot.

In line with the plan an attempt also will be made to have the overhead electric and telephone lines removed from State street.

ODD FELLOWS INSTAL OFFICERS TUESDAY

The local lodge of Odd Fellows installed their officers last Tuesday evening. There were present visitors from Anderson valley, Willits and Cahto lodges. Following the installation ceremonies refreshments were served.

The grand officers were C. D. Estill, D. D. G. M.; Dr. Tabler, G. M.; Elmer Sweet, G. W.; P. J. Boring, G. S.; George David, G. T.; G. Martin, G. I. G.; Ed Zimmerman, G. C. The following were installed: Orval Hull, N. P. G.; Thomas Linn, N. G.; H. F. Dean, V. G.; Chris Bruns, Sec.; Julius Roller, Treas.; Joe Puett, Con.; Preston Johnson, Warden; G. M. Miller, R. S. N. Fort Bragg Resident Found Dead in Barn

Willits Rancher Makes Gruesome Discovery

WILLITS, July 9.—Sunday a dead man was found in the stock barn on the Blosser ranch two miles west of town on the Fort Bragg road. About 7:00 o'clock that morning Valmour Blosser went to the barn to see about storing some hay and he saw what he thought was a man asleep on the hay. The man had undressed and his clothing and shoes lay at his side and he was covered with a blanket. That afternoon Valmour was again passing the barn and he had a hunch to take another look and he saw that the man was still lying in the same position. Blosser then went to the home of John Dickey and told him what he had seen and they returned together to the barn. They first called and getting no response Dickey went up to the man and found that he was dead.

Deputy Coroner L. P. Anker was summoned immediately and went out and took charge of the corpse and the personal effects. The man had a small grip and a bag for his bedding and was evidently walking to his home in Fort Bragg. Among other articles in the grip was a driver's auto license for this year made out in the name of Jeff R. Jeffery, Fort Bragg, aged 45 years.

From the condition of the body and other information which has since been obtained it is presumed that the man had been dead for a about a week. The body was badly decomposed.

Two letters were found among the papers, one from his mother, Mrs. E. King, box 207, Fort Bragg, and the other from a woman living at Arcata. Anker telephoned to both of these women and gave the description he had found on the driver's license and they both then identified the body. It seems that Jeffery went to Arcata last month seeking employment and was unable to get a job and that he was walking back to his home in Fort Bragg. His sister stated that his mother had received a letter on July 2, dated at Arcata.

A coroner's jury was held here Monday morning and the jury brought in a verdict that the man came to his death from unknown causes. Dr. Babcock was asked to perform an autopsy but after viewing the remains stated that the body was too badly decomposed to find out anything.

From the appearance of the corpse when found it is presumed that he died in his sleep and without a struggle and he was lying in a natural position of repose.

DAVID COHEN HURT

David Cohen, son of Joe Cohen, of this city, was badly hurt on July 3 in San Francisco, when he attempted to crank a truck which had been left in gear. He was caught and crushed against another truck sustaining a bad cut on the right leg. He was taken to a hospital and, a few days later, brought to his father's home here, where he is progressing toward recovery.

CARD OF THANKS

We wish to extend our thanks to our many friends who were so kind in deeds and in thought, also for the many gifts that were tendered to our daughter and sister during her illness, and for the thoughtfulness shown us in our recent bereavement.

Mr. and Mrs. M. A. Sloper
Mr. and Mrs. H. C. Sloper
and family.

Joseph Cohen entertained as guests over the Fourth Mike Cohen, and wife, of Fort Bragg, Sam Cohen, a policeman of San Francisco, Mrs. Joseph Sternberg, of San Francisco, and Ben Cohen and wife, of San Francisco.

WINS 13 OUT OF FIFTEEN GAMES

Ukiah baseball team last Sunday added another victory to its string for the season, beating the Kelseyville aggregation by a score of 9 to 1. This is the 13th win for the locals this season out of a total of 15 games played. Tomorrow the Albion team, strengthened by all the coast stars available, will try conclusions with Ukiah here.

Reports Battle With Octopus at Pt. Arena

NAPA, July 9.—The story of the thrilling escape of a Napa man from the clutches of an octopus was related here today. The man is Erwin Kron, an electrician employed by Donald S. Graham.

Kron, with a group of friends and relatives, was abalone hunting on the coast near Point Arena on July 4th.

Lying flat on a large rock, he lowered his right arm deep into the water to reach for an abalone on the underside of the rock. Something waved about his arm, but he paid no attention to it until he started to take his hand from the water.

Pulling with all his strength, Kron still was unable to free himself and he shouted for help. His 17-year-old nephew came to his assistance and with a sharp knife cut off the tentacle of the octopus, which had gripped his arm.

The men later killed the octopus and when brought out on the beach it measured seven feet across. Kron today carries a large rash on his arm which has broken out where the tentacle of the monster enwrapped itself.

GRAND MASTER VISITS

Will H. Fisher, grand master of the Masonic lodge, visited Abel lodge of this city last Tuesday evening. At 6:30 a supper was served, following which the regular stated meeting of the lodge was held.

F. H. Waugh is master of the local lodge and James R. Elder secretary.

Mr. Fisher was accompanied to Ukiah by his wife and family who enjoyed a visit here while Mr. Fisher attended to his official duties.

TWO SHERIFFS IN LAKE
(Lakeport Press)

Lake county will have to struggle along with two sheriffs until September 10, the supreme court ordered today, as it directed the third district appellate court to examine on that date the rival claims of L. O. McKelley and John H. Brinkerhoff.

I. C. Burke was over from Anderson valley the first of the week on a short business trip.

APPENDICITIS OPERATIONS

Mrs. Ceccarelli, of Talmage, and Gale Lawrence, a local resident, submitted to operations for appendicitis at the General hospital this week, Mrs. Ceccarelli on Wednesday and Lawrence on Sunday. Both operations were performed by Dr. Cleland and both patients are doing well.

Mr. and Mrs. E. A. Cox were in from Orrs the first of the week. They motored as far as Upper Lake while here.

NOTED PILOT IN AIR TOUR

Alger Graham, Pilot of the Buhl Airster in the 6,200-Mile National Air Tour.

In company with many of the country's foremost pilots, Alger Graham is competing for the Edsel Ford Trophy, given to the manufacturer of the winning plane, and, individually with other pilots, for the $1,000 Monarch Coffee Award.

Graham has been an airplane pilot for twelve years, during which time he has had a quota of adventure given to few men in a lifetime. His flying experience began with the Royal Flying Corps on the Western front. Back in the United States after the war, he was associated with Eddie Stinson for three years, then went south for the cotton dusting operations in Georgia and Louisiana.

In 1927 came his greatest adventure, when he was selected to accompany Wilkins on his Arctic Expedition. Graham made three round trips from Fairbanks, Alaska, to Point Barrow, every trip fraught with the gravest peril. For this series of flights over the high Endicott mountains, and for the exploratory trip over the ice fields with Captain Wilkins, Graham was given a coveted membership in the famous Explorers' Club.

Despite the adventurous nature of his past work, Graham has won an enviable reputation for careful piloting. He was born in Mt. Clemens, Michigan, and is 29 years old.

The National Air Tour, in which he is now participating, is a gruelling test of airplanes and men. The Tour takes off from Detroit, June 30, covers 6,200 miles, over 16 states, visiting thirty cities in the southwest, west coast, and back to Detroit, where the Tour ends, July 28.

All pilots on the Tour carry thermos bottles of special design, which are filled with fresh coffee each day from the Monarch Coffee filling stations at the airports of the cities visited.

Watch the city papers for reports on this famous Airplane race. It is causing great excitement in the cities visited. We have the promise that they might stop at Ukiah. Definite information will be given on this later.

We are cooperating with Reid Murdock & Co., packers of Monarch Coffee and Monarch Food Products, by giving a special price on their coffee, during this flight.

AUTOS COLLIDE ON BRIDGE

FORT BRAGG, July 7.—Sunday night, about midnight, as Mr. and Mrs. John Strauss and their son, Elmer and his wife, were driving home after attending the celebration at Fort Bragg, crossing the Noyo bridge their car was struck by another machine driven by Eaton Grimes, who attempted to pass the Strauss car. In the impact of the collision, the Strauss machine was thrown heavily against the railing of the bridge, which fortunately was new and strong, otherwise the party would have doubtless begn precipitated into the Noyo river for an involuntary bath, if nothing more serious had happened. As it was, no one in the party was hurt, but the Strauss machine suffered several casualties including a bent axle and wishbone, a broken spring and one wheel bent out of line so badly that they had to come limping home in low gear. The Grimes machine suffered little or no damage.

AUXILIARY MEETS

The Womens' Auxiliary of the American Legion met last Wednesday evening with Mrs. J. P. Mason. Delegates to the state convention, which is to be held at Vallejo, were elected as follows: Mrs. Kate Prather, Mrs. D. R. Smith and Mrs. Salz. Mrs. Bert Thornton was elected alternate.

Dainty refreshments were served by the hostess.

YOUNG FOLKS PICNIC

Members of the Epworth League of the Methodist church held a picnic and swimming party on the river near the Vichy Springs bridge last Monday evening. The young folks were chaperoned by Mrs. Toles, Mrs. Beasley and Mrs. Roy Richey.

The Baptist Young People's Union held a picnic and swimming party Tuesday evening at Blue lake. They were looked after by Rev. and Mrs. Gale and Miss Evangeline Stanley.

Tuesday afternoon Sunday school pupils of the Baptist church, in charge of Mrs. Markham, picnicked at the Levaggi swimming hole.

J. G. Thomas, a former Ukiah resident, who now lives at Berkeley, was visiting in Ukiah this week.

Willits Enthusiasts Organize Golf Club

San Francisco Expert to Lay Out Sixty-Acre Course

WILLITS, July 10.—What will be officially known as the Willits Golf Club has been organized here and they have secured a tract of 60 acres, with an option on as much more land as they desire, from Mrs. Amy Requa Long on what used to be known as the Chapple ranch two miles south of town and facing on the Redwood highway. It has a frontage of 3,000 feet on the highway and is said to have every naural advantage for the purpose for which it will be used.

A few days ago a crew of men went out and burned the grass on the tract and this week Harold Samson, a golf course expert, is expected here from San Francisco and will lay out the course. To begin with they will only have nine holes and ambitious golfers will have to cover the course twice in order to make their 18 holes.

Any golf enthusiast living in the county will have the privilege of becoming a member and any tourist can play upon the payment of a nominal fee. The annual dues and fees has not yet been fixed but will be made as low as possible.

It is proposed to build a clubhouse and also to have some of the other conveniences of an up-to-date club and the tourist trade will be catered to.

LOCALS

Mr. and Mrs. Alex Rawles and R. T. Hutsell were among the well known Boonville folks in town Thursday.

Attorney and Mrs. Hale McCowen, Jr., returned the latter part of last week to their home in this city, after several weeks' absence in the east, where Mr. McCowen went to attend the national conference of Rotary clubs at Minneapolis. He represented the Ukiah club at the conference. They continued their trip as far as New York.

Mr. and Mrs. Edward Eversole and family motored to Austin creek, near Cazadero, this week. Miss Valberta Eversole remained there at a Campfire Girls' camp, and will enjoy camp life for several weeks. The family was accompanied by Mr. and Mrs. Keith Eversole and son on the trip.

Mr. and Mrs. Frank Cunningham and family left this week for a motor trip through Oregon and Washington. They will take in Crater Lake, Portland and Seattle.

LOCALS

Miss Margaret Thomas, of Berkeley, a sophomore in the state university, daughter of Mr. and Mrs. J. G. Thomas, has been visiting in this section the past few weeks. She also spent some time at Covelo with Mrs. Frank Johnson, her cousin.

Mrs. Pearl Blankenship and son returned this week from a visit in Lake county with Mrs. M. Callahan, a sister of Mrs. Blankenship.

Attorney Hale McCowen and family spent a portion of the week fishing on the coast.

Frank Gibson is spending the week at Gravelly valley, the guest of Claud Simons.

Lorenzo Wilson, of Eureka, was here this week for a visit with his mother and his brothers, Frank and William. Another guest of Mrs. Wilson was her brother, Bud Scranton, of Riverside.

Mr. and Mrs. Watt Bevans, of Potter valley, motored to this city Thursday. They were accompanied by Mrs. Bevans' sister, Mrs. Kate Roberts, of Santa Rosa, who was en route home after a two weeks' visit with friends and relatives at Potter valley.

Mr. and Mrs. Jack O'Connell are entertaining this week as house guests Mr. O'Connell's mother and brother from San Rafael.

ANDERSON VALLEY

BOONVILLE, July 9.—The Ladies' Aid of Philo put on a clever little comedy Saturday evening at the Philo church and drew such a crowd the church proved too small to admit all who sought to see it. A quilt was raffled and was won by a young lady who was camping near Philo, at the Whipple camp ground. Following the program the ladies sold refreshments. It is reported they cleared a goodly sum. The parts in the play were taken by members of the Aid and they all took their parts well.

Mrs. L. N. Campbell and daughter, Harriett, are visiting friends near Willits. They were passengers on the outgoing stage last Tuesday.

Mrs. J. E. Wallach and daughter, Miss Erma, Mrs. H. E. Tarwater and Mrs. Molsey Henry left the first of this month for a motor trip to Oregon. While there they visited Mrs. Neva Dennison and were joined by Mrs. Henry's daughter, Miss Mildred Cooney, who has been visiting Mrs. Dennison. At Ashland, Oregon the cars became separated, the Wallach party, with Miss Mildred, arrived home Sunday and thought the other car was ahead of them, but it had not arrived by Monday forenoon, but doubtless will soon be in. A delightful trip is reported.

Mrs. Leo Sanders, who is ill in Covelo with pneumonia, is reported to be improving. Mr. Sanders was to have opened Signal school this week but could not leave his wife and the trustees gave him this week off so he would be able to wait until Mrs. Saunders is better. They had expected to move down last week and Mr. Saunders took a car up for that purpose, but found his wife had taken pneumonia in his absence. We are glad to learn she is on the road to recovery.

Miss Blanche Brown, Kent Brown and their mother, Mrs. F. H. Brown, are leaving this week for a motor trip to Crater Lake. They plan to be away about two weeks.

Mrs. M. Jackson, of Healdsburg, was a visitor at the home of her niece, Mrs. May McGimsey, last week. Mrs. Jackson is a sister of Robert Maddux. She was also a guest at the W. L. St. John home.

Miss Ruth Winstrom and sister, of Minnesota, were guests recently of Mr. and Mrs. R. E. Reed at their home near town. They are leaving for a motor trip to their home state.

Mrs. D. P. Lawson and Mrs. J. W. Slotte motored to Santa Rosa Saturday.

Mr. and Mrs. Dee Estill and small daughter, of Fort Bragg, were visitors in Boonville over Sunday.

Mr. and Mrs. Kent Wallach returned Sunday from a motor trip to Humboldt county. During their absence Jessie Robinson substituted at the telephone exchange.

Mrs. Fred Stickney came over from Caspar the early part of the week for a visit with her son, Ruel.

WILLITS NOTES

WILLITS, July 11.—Mr. and Mrs. Ray Ritschel returned last week from a visit with his relatives in Minnesota. Ray also attended the national convention of Rotary clubs at Minneapolis.

John Quinliven returned from Orange county last week where he has been living for several months. While there he had a second stroke of paralysis but he seems to have recovered from the effects of it.

Mr. and Mrs. Lawson Moxley and son came over from Caspar last week for a short visit.

Mr. and Mrs. L. Bittenbender, of Fort Bragg, were here last week visiting relatives and friends. They were on their way home from a visit in Berkeley.

Mrs. Minnie McCool returned to her home in Eureka last Sunday. While here she was the guest of her sister, Mrs. Emma Wade.

Roy and Geneva Whited came up from San Francisco last week and are visiting at the Ruelle home.

John Gilman is here this week visiting his cousin, Frank Matteson. Gilman is now living in southeastern Oregon.

Jim Manessi returned to his home in Carlotta, Humboldt county, the first of the week.

Joe Westphalen entertained his sister, niece and a friend a few days the first of the week. The latter all live in Chicago and are making a tour of the Pacific coast.

Gus Vancleemput has just had an addition built at the southwest corner of Hotel Van. The structure was built of brick and conforms to the style of the balance of the building. This new building will be used for a storeroom and will be used in connection with the Coffee Shop and grill which Van expects to open in a few days. This new enterprise will cater to both the tourist and local trade and will serve both regular meals and short orders.

John Tsarnas expects to leeave for his old home in Greece in a few days and will be gone about three months. He has to go back to look after some property.

Mr. and Mrs. A. T. Hawkins returned to their home in Berkeley the first of the week.

Mr. and Mrs. D. B. Nathan came up from San Francisco last week for a short visit.

The Misses Hilda and Irene Sindt are in San Francisco this week doing some shopping in anticipation of a very important event which will take place in the near future.

The latest reports from San Francisco state that Mrs. Harry Cooper is getting along splendidly and will be able to leave the hospital in a few days. About a week ago she underwent a capital operation at the St. Francis hospital.

The Willits fire department spend a few hours nearly every night now burning grass on vacant lots and other places that are a fire menace. They also find time to stage water fights which attract crowds and are very interesting.

Motor Cop Chas. Ciancio had charge of the traffic here during our big celebration and everybody was very much pleased with the splendid way he did it.

Harvey Reynolds shipped three more carloads of cattle from here last Saturday and as many more Wednesday of this week. The cattle are all consigned to the Western Meat Co., South San Francisco.

Mrs. Roy Good and children, of Fort Bragg, are here visiting her parents, Mr. and Mrs. P. Hardin, while Roy is attending the summer school at Stanford university.

Frank Heryford is now back at his barber shop and working most of the time. Just a month ago he underwent one of the most serious of capital operations and his early recovery is remarkable.

Mrs. A. Leone and daughter came up from San Francisco last week and are visiting her parents, Mr. and Mrs. A. Figone.

Dr. and Mrs. C. V. Whited, of Mendocino City, were here the first of the week visiting his parents.

"Doc" Whited, of Santa Barbara, is here visiting his sister, Mrs. D. L. Sawyers.

Ray Van Bebber is visiting his relatives. Ray is now employed as an oil driller near Tampico, Mexico, and has a splendid position. He only has a month's vacation and will return home next week.

Alonzo Irvine visited his mother at Hopland the first of the week and reports that she is failing gradually and is now very weeak. Mrs. Irvine is now 87 years old and has been failing for several years.

Mr. and Mrs. Jim Rowlison came in from Farley the first of the week and expect to remain here for several days.

Mrs. J. R. Mathews has been visiting at Orrs Springs recently.

Mrs. W. H. Prather and children returned the first of the week to Dillons Beach after spending the Fourth here.

Roads to Romance with Jack and Ethyl

Being the original letters of a young wife on her honeymoon over the Pacific Coast to the girl-friend back home.

Dear Marion and Jim:

Have you people ever been nearer to a desert than a moving-picture screen? I remember the pictures I've seen—nothing but endless stretches of rolling sand with the sun beating down on it like out of a blast furnace, no vegetation whatever and not a living thing in sight except a solitary Arab on horseback at the distant horizon.

Lots of deserts are like that, of course, but Jack and I have just been over one that isn't. You want to make the Ridge Route trip south from Bakersfield. It's the most interesting trip you can imagine, almost, especially because it's so different than you expect.

The smooth pavement stretches out in a smooth ribbon for about 40 miles and you speed comfortably along up the grades and down with something to look at every foot of the way.

Marion, the whole valley floor along the way is just a perfect sea of desert flowers. Flowers that look something like blue-bells and the famous California poppies all along, too. Even the sand and the alkali is beautiful with its changing coloring, and the mountains loom in fantastic shapes that give you a most surprising impression of just how big this old world is, anyway.

They took us to see Red Rock Canyon out of Bakersfield; that's a most surprising sight, too. Of course the rocks are red in color—hence the name—but the amazing thing about them is their shapes. Every conceivable shape; you can see ancient cities and great temples and buildings all carved out of the rock by centuries of wind and rain and ether. I should like a guide-book, probably, but you don't need any guide-book to appreciate it when you're there.

Jack and I enjoyed this trip especially because we hadn't hardly expected it to be so delightful. Why, about four miles from Bakersfield is a hill they call Shark's Tooth Hill because it is fairly loaded with specimens of sharks' teeth which no doubt have been there for thousands of years. That shows that this land once was under water—an interesting thing to reflect upon when you stand there.

And so it goes; every place out here has some peculiar distinction which makes it important and interesting to visit. When, by the way, do you people take your vacation this year? Wish we could travel together.

Love,
ETHYL

P. S. We saw the Kern River Oil Fields and do you know that there is a pipe-line running from there through to the Associated Oil Company's refinery at Avon, near Martinez. Talk about your pipe-lines!

City of Oroville, California—Bird Street. 2½" asphaltic concrete base, 1½" asphaltic concrete (WARRENITE TYPE) surface. Laid in 1915 by Clark & Henery. Condition excellent, and no upkeep costs, after 13 years of service. Photographed October, 1926.

Proved!

~ by its records of LONG SERVICE and LOW MAINTENANCE

Investigation into the durability of various pavement types on the Pacific Coast shows that asphaltic concrete is by far the longest-lived smooth-riding pavement type ever constructed.

No other pavement type approaches its low maintenance records. Scores of asphaltic concrete pavements on the Pacific Coast have been in service for from ten to twenty years without costing a cent for upkeep.

No amount of technical arugment can approach this overwhelming evidence of success in service accumulating year after year in favor of asphaltic concrete pavements.

Low Initial Cost

A careful study of prices bid for asphaltic concrete paving in the Pacific Coast States shows, also, that this type is somewhat cheaper to construct than other hard surface pavements,—particularly for large contracts.

Minimum Interruption to Traffic

And remember, too, that asphaltic concrete may be driven over within twenty-four hours after it has been laid, thus occasioning a minimum interruption to traffic.

Durability means **economy**—economy means dollars saved—that's the secret of asphaltic concrete popularity with taxpayers. It will pay you to investigate asphaltic concrete before you pave.

SUMMONS

In the Superior Court of the State of California, in and for the County of Mendocino.

GERALD H. G. WILLIAMSON,
Plaintiff,
vs.
R. J. TURNER, and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's title thereto,
Defendants.

No. 10912

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

R. J. Turner, and "also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto," defendants.

You and each of you are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Mendocino, within ten days after the service on you of this summons, if served within this County, or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages in the complaint, as arising upon contract or will apply to the Court for any other relief demanded in the complaint.

The object of this action is to make the above named defendant and "also all other persons unknown claiming any right, title estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto," set forth the nature of their claim or claims to the said real property hereinafter described, if any they have, and that such claim or claims be adjudged to be of no effect and void, and that plaintiff's title to the same be quieted against them.

The said real property is all that certain lot, piece or parcel of land situate, lying and being in the County of Mendocino, State of California, particularly described as follows:

The Northeast quarter of the Northwest quarter and the South half of the Northwest quarter of Section Thirty-three (33) Township Twenty-three (23) North, Range Fourteen (14) West, Mount Diablo Base and Meridian.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Mendocino, this 15th day of March, 1928.

IT'S UP TO THE BOARD

The city council has adopted plans and specifications for the paving projects in immediate contemplation and, taking the advice of City Engineer Donohoe, have decided upon bituminous rather than hydraulic concrete. The choice was made because under conditions here bituminous concrete has been found to be the best material to use. The greater part of our former paving was of this material and where used it has thus far never been necessary to spend a cent in repairs. The paving is as good as the day it was laid—in 1911 if we remember correctly—17 years ago.

Representatives of the hydraulic concrete interests have been seeking to show that Ukiah is paying too high a price for the bituminous concrete, quoting prices that have been paid on other jobs. As a matter of fact no price has been made at all thus far, as the bids have not been opened and will not be until next Tuesday evening.

At that time if the bids received are too high the board has the privilege of rejecting them and readvertising.

The general attitude of the property owners so far as we have been able to ascertain is about the same as that of the Dispatch. The city council is composed of some of the best citizens in Ukiah, men of integrity and men in whom we have the utmost confidence. We believe they will do the best thing for the town, all things considered, and we are backing their course, whatever that may be. Likewise we have the utmost confidence in City Engineer Donohoe and if he believes that bituminous concrete makes the best streets under conditions here, we are backing his judgment. Had conditions here favored hydraulic concrete for pavement, we believe he would have said so. And, in that case possibly the bituminous people would have endeavored to kick up the same kind of a rumpus that the hydraulic folks are kicking up, and, doubtless, would be quoting jobs where the price paid for hydraulic concrete was extremely low in an endeavor to discredit the hydraulic concrete interests.

Strange Fish Taken by Noyo Fisherman

Queer Denizen of the Deep Is Captured Last Week

FORT BRAGG, July 11.—At the plant of the S. F. International Fish Co. at Noyo on Friday and Saturday of last week there was on exhibition the queerest denizen of the deep that has ever been taken during the time the fishing industry has been in existence at this place.

S. B. Bruno, one of the fish plant employees, saw the strange creature swimming slowly upstream alongside the packing plant. In the water its size was magnified, and with all its fins distended, it presented a weird appearance, not unlike that of a dragon of mythology.

Bruno jumped to the deck of a boat below the wharf and with a gaff hook succeeded in piercing the big fellow just back of the head in a vital spot, which was lucky for the captor as otherwise he would never have landed the monster.

The curious fish was unfamiliar to all who saw it on display. Even the oldest fishermen could not recall ever having seen one like it.

The jaws were six inches long and were fitted with teeth, one inch in length and as sharp as swords. The eyes were about an inch in diameter and were fiery red in color. The nostrils resembled those of a horse. The body was four feet eight inches in length, ending in a tail with a horizontal spread of 12 inches. On the back, beginning at the head, an upright fin, two feet eight inches long, stood nine inches in height. Two large fins, set horizontally to the body and about a foot in diameter, protruded from the under side of the body near the head.

The body itself was approximately four inches in diameter and was round; being covered with skin resembling that of a blue cod, both in texture and color, with a few smaller fins set under the body near the tail."

Old timers who were familiar with the fish in southern waters state it to be a native of the Gulf of Mexico.

AT BIG OAK CAMP

Among the guests at Big Oak camp this week have been W. F. Ellis, principal of the Stockton high school, accompanied by his family; Miss Vivian Wayman and brother, George, of Placerville. Miss Wayman is a teacher in the Stockton schools. Also Mr. and Mrs. Ed Warner, of Hugson, accompanied by Mr. and Mrs. Joe Fritts. And last but not least, William Clark, well-to-do stockman of Humboldt county and his family. Mr. Clark, although in his sixties, won the roping championship at the rodeo here, his time being eight seconds. Last year he contested but hurt his hand the first day, which handicapped him considerably. This year he suffered no injuries of any kind and was able to make a record the younger men will try hard to equal for some time to come.

Bert Miller, a former resident of this city, where he was engaged in the barber business for some years, was here this week for a visit and renewing old acquaintances.

Highway Commission Oiling Navarro Road

To Put Twelve-Mile Stretch on Par With Paved Road

FORT BRAGG, July 11.—Good news for the traveling public will be conveyed in the announcement that the State Highway Commission has begun the work of oiling the Navarro highway from its eastern terminus near Wendling to its junction with the coast road at the mouth of the Navarro river. Preparations for this work have been going on now for some days. Gravel loaders and screening machines are busy at points on the river gravel bars taking out suitable gravel and a battery of trucks are hauling the same from these depots to the roadway where these screenings are placed in piles all along the highway preparatory for distributing on the road's surface after the oil is applied.

The work is one of considerable magnitude involving as it does the oiling of twelve miles of roadway and a considerable force of men will be employed. When it is completed this popular stretch of highway will be very nearly on a par with surfaced highway as dust will be eliminated and traveling over it will be much more pleasurable.

The highway commission recently oiled the highway through the main street of Boonville and that town now boasts a street free from dust and in a condition very near akin to pavement.

SHERIFF BYRNES RECOVERS STOLEN UPPER LAKE CAR

Mr. Taylor was fortunate enough last week to recover his stolen car, a Ford touring, which was located in Santa Rosa and brought home by his son, Gerald, Sunday. It seems the car was taken from Upper Lake, where it was parked for a few moments in front of the Reynolds home, by an Indian youth, who after driving it to Santa Rosa, sold it to a junk man. The junk dealer put the car in good repair and resold it to a Mexican in whose possession it was located by Sheriff Byrnes of Mendocino county. Mr. Taylor reports his car in better condition than when stolen, which is an unusual occurrence.—Lakeport Bee.

WANT WARNING BELL

FORT BRAGG, July 11.—The deep sea fishermen at Noyo circulated a petition among themselves and business men of Fort Bragg this week, asking the Navigation Service to install a warning bell or buoy near the mouth of Noyo harbor to protect them from a sunken reef, that is dangerous to the small craft, used in the fishing industry.

More Topliners for Vaudeville at State

Extraordinarily Good Talent Is Coming Next Tuesday

George Mann, owner of the State theatre, is to be congratulated on the high class attractions appearing at the theatre on vaudeville nights. The program last Tuesday was par excellence and another is billed for next Tuesday.

Three pretty girls, nicely costumed, constitute the "Three K's", who offer an up-to-the-minute song and dance revue. This is a twelve-minute presentation of feminine youth and pulchritude and is said to exceed all expectations.

Ken Ross in "Educated Hands" presents a novelty act—one-hand balancing, chair and head balancing, etc. He has just returned from a trip through Europe, where he presented his act in England, Ireland, Scotland, Wales and on the continent.

Hal Stephens and company present a screaming farce act, "So this Is Hollywood." The act depicts the troubles of an actor trying to break into the movies, interspersed with character studies of merit—an aged Negro at the racetrack, Rip Van Winkle's return to the village of Falling Water, and an unique Japanese characterization commented on very flatteringly by the press and public.

Kenny Sisters and Scholl in "Various Doings" present a comedy act consisting of some singing, some dancing, some comedy chatter, some harmonica playing and featuring a stunt by a male member of the trio, that of skating on the hands. Mr. Scholl is the only person in the world who has ever been able to accomplish this feat.

TO GET POINTERS AT BIG SALINAS RODEO

Fred Falkenberg, secretary of the Ukiah chamber of commerce, will visit the big rodeo at Salinas the latter part of next week and get a few pointers on how such affairs are managed elsewhere. His information will be used in improving the announcing and other small details at present unperfected by the Ukiah rodeo management.
